Flughafen Parken GmbH
Terminalstraße Mitte 18
DE-85356 München Flughafen

www.park.aero/partner/

BECOME OUR PARTNER

The Flughafen Parken GmbH is an initiative of the Arbeitsgemeinschaft Deutscher Verkehrsflughäfen e.V. (German Airport Association) and was founded in 2016 by Fraport AG. Since January 2018 the operating companies of different german-speaking airports have been sharing the company shares of the Flughafen Parken GmbH.

The target of the developed platform PARK.AERO is to provide airlines and tourism travel distributors a central and modern interface. This enable cost-effective and efficient interconnection between distribution channels, while at the same time following the passenger-friendly seamless travel approach.

Both sides benefit from our transaction platform: For intermediary partners, we are the central interface for official airport parking at the terminals, with modern integration options and attractive revenue share opportunities. For airports we are a central gateway to the travel industry.

YOUR BENEFITS

OFFICIAL
We are the official airport partner. Your access to airport parking.

TERMINAL PARKING
We provide the airport's own car parks directly at the terminals.

BEST PRICE
We mirror the airport's products and prices.
